**CITY OF CONDON
WORK SESSION AGENDA
PARK & REC COMMITTEE 6-11-20
Thursday, June 11, 2020, 4:00 PM
CONDON CITY HALL**

1. Call the Meeting to Order

Mayor Jim Hassing called the Park & Recreation meeting to order at 4 p.m.

Present: Mayor Jim Hassing; Councilors Dawn Parm & Tom Fatland (Skype); Staff - Public Works Superintendent Gibb Wilkins, City Administrator Kathryn Greiner and Community Swimming Pool Manager Shellie Johnson

2. Discuss 2020 Pool Operations/Guidelines

2.1. Phase II Opening - COVID Guidelines

COVID guidelines were received by the committee from the State of Oregon for Phase II opening that allows pools to open with restrictions and adhering to social distancing. It states that the employees must wear a mask unless in the water and that one person be designated for COVID issues at the pool. The designated employee must make sure of sanitation schedule of the restrooms, contact tracing forms filled out with each person entering the facility and other rules and regulations set forth in the guidelines.

Guidelines show that people using the facility must stay with the group of family that they came to the pool with and that they must social distance in the pool when they do not come with others. CA Greiner suggested that wrist bands be worn to allow the lifeguards to know which swimmers are allowed to interact or social distance. Johnson stated that although this will be difficult they are going to have to work to make sure the rules are followed. She added that once in the chair the guards may take off their mask to use their whistles, but masks must be worn if they cannot maintain social distance with other staff or swimmers. Masks cannot be worn if staff has to go into the pool.

2.2. Draft Pool Operations

CA Greiner, PW Wilkins and Johnson worked out a draft schedule for the pool operations that allows for 15 minutes of cleaning in between sessions. The pool will be limited to 30 swimmers in each session and 3-5 during lap swim. The locker rooms will only allow 4 people, not in the same family/group to be in the locker room at one time, and all swimmers must come dressed to swim. No changing will be allowed in the locker room, only showers and using the restroom. The pool will be open for 6 - 75 minute sessions during the week and three sessions on the weekends. Councilor Fatland suggested reservations so you knew you had a specific time to swim, but Johnson said that the 30 swimmer limit would capture most of the week swimmers and staff may have limited time to take the reservations. It was consensus of the Committee to start with no reservations and make any adjustments as needed after two weeks.

Committee members discussed allowing non-Gilliam County residents to use the pool. It was consensus to allow others to use of the pool with contact tracing and adhering to required social distancing. To discourage exposure to the lifeguards and staff, the pool will be closed July 4-5 weekend and all users must purchase a season pass or a weekend pass that can only be used for the weekend purchased. Passes must be purchased at City Hall during the week for the pool to limit exposure to pool staff with handling money. Councilor Parm said that it would be difficult social distancing the younger swimmers with the known familiarity. It was also discussed that if a parent or guardian accompanying a swimmer to the pool, but not getting in the pool, must sit outside the fence to limit excess people on the deck.

Johnson is not going to put the chairs or the toys on the deck due to cleaning requirements. Kids need to bring their own toys and cannot share with someone outside of their group. Johnson will monitor these rules and regulations and bring back to the Committee if changes are needed.

Johnson said the guards will complete training June 15 and the proposed opening to the public is June 22. No swim lessons, including private lessons are going to be offered this season.

Schedule: Monday-Friday

**** Lap Swim 6 -7:30 a.m.**

- Session One - Family Swim - Noon to 12:50
